Thank you for your continued support and understanding during the closure.

## Lateral Flow Tests

Thank you so much to all our parents who have administered Lateral Flow Tests to their children whilst they have been off school with any illness, or if a family member has had a positive test result. We completely understand that doing the test is optional and

we thank you for your continued support which has meant that, so far, school has managed to remain open to all classes. Further information on the latest Government advice can be found at <https://www.gov.uk/coronavirus>

## Safeguarding

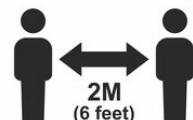

We would like to thank all of our families for their continued support in maintaining social distancing and wearing face coverings whilst dropping off and picking up children from school.

In the interest of staff safety, could we please request that if you need to approach any member of school staff that you always wear a face covering. If you have an exemption certificate please contact the school office and alternative arrangements will be made.

This approach will be continued until further notice.

Your support ensures that we have a safe and smooth drop off and pick up each day.

Thank you
