

## **School Improvement Objectives 2018/19**

### **The key priorities are:**

1. A greater proportion of middle-attaining and most-able pupils reach the higher standards in mathematics.
2. To improve standards in Science by continuing to provide more opportunities in science lessons for pupils to learn through investigation (Increase GD by 10%).
3. Further improve pupils' attainment and progress in spelling by providing opportunities for pupils to record and learn the meanings of unfamiliar words.
4. To improve knowledge and effectiveness of subject leaders in order to positively impact on standards in the curriculum.
5. Improve standards across the wider curriculum by implementing a focused approach to assessment
