

St Luke's C. E. COVID-19 Risk Assessment

September 2021 updated 21/09/21

As the country moves into Step 4 of the roadmap, the government continues to manage the risk of serious illness from the spread of the coronavirus (COVID-19). This marks a new phase in the government's response to the pandemic, moving away from stringent restrictions on everyone's day-to-day lives, towards advising people on how to protect themselves and others, alongside targeted interventions to reduce risk. As COVID-19 becomes a virus that we learn to live with, there is now an imperative to reduce the disruption to Pupils and young people's education - particularly given that the direct clinical risks to Pupils are extremely low.

By following and adhering to this risk assessment, we will ensure that St Luke's C.E. can prioritise the delivery of face-to-face, high quality education to all pupils.

Actions for schools during the coronavirus outbreak - GOV.UK (www.gov.uk)</p> <p>1.2 Assemblies/Whole School Worship can resume.</p> <p>1.3 Alternative arrangements are not needed to avoid mixing at lunchtime and playtimes.</p> <p>1.4 Staff and pupils are no longer required to social distance around school; this includes the use of shared staff facilities including the staffroom and toilets).</p> <p>1.4 It may be necessary to re-introduce 'bubbles' and social distancing measures as a result of local or school virus outbreaks (see School Outbreak Management Plan).</p> <p>1.5 The Before and After School Club will be operating with pupils from St Catherine's of Sienna Catholic School. parents/carers and pupils from St Catharine's must comply with St Luke's C of E Primary control measures and procedures outlined in this risk assessment. If there is a localised outbreak then St Catharine's parents /carers and pupils may be informed that they will not be able to attend the club until the outbreak is under control.</p>

Instead, they will be contacted by NHS Test and Trace (this may be via school), informed they have been in close contact with a positive case and advised to take a PCR test. 2.5 If there is an outbreak in a setting or if central government offers the area an enhanced response package, a director of public health might advise a setting to temporarily reintroduce some control measures. - Pupils, staff and other adults should follow current public health advice on when to self-isolate and what to do. They should not come into school if they have symptoms, have had a positive test result or other reasons requiring them to stay at home due to the risk of them passing on COVID-19 (for example, they are required to quarantine).
- If anyone develops COVID-19 symptoms, however mild, they will be sent home and should follow current public health advice.
- If a pupil is awaiting collection, they will wait in the dedicated isolation room with a window should be opened for fresh air ventilation. If close contact is necessary, staff should wear appropriate PPE. The room will be cleaned after they have left.

- Staff should undertake twice weekly home tests whenever they are on the school site until the end of September, when this will also be reviewed.

4.6 Confirmed PCR tests:

- Staff and pupils with a positive LFD test result should self-isolate in line with the stay at home guidance. They will also need to get a free PCR test to check if they have COVID-19.
- Whilst awaiting the PCR result, the individual should continue to self-isolate.
- If the PCR test is taken within 2 days of the positive lateral flow test, and is negative, it overrides the self-test LFD test and the pupil can return to school, as long as the individual doesn't have COVID-19 symptoms.
- Staff can book PCR tests following this link: <https://www.gov.uk/apply-coronavirus-test-essential-workers>
