

Safeguarding, Child Protection and Early Help Policy

September 2023

St Luke's Church of England

St Luke's is built on a core set of Christian values, where children feel happy and cared for. Here they find, love, joy, hope and peace.

John 13: 34-35 says, 'Love one another. As I have loved you... By this everyone will know that you are my disciples.'

So at St Luke's we aim to be disciples by:

Following in God's way

Learning day by day

Working with one another

Caring for each other.

Introduction

This policy has been developed in accordance with the principles established by

- The Children Act 1989 (as amended).
- The Children and Social Work Act 2017.
- The Safeguarding Vulnerable Groups Act 2006.

In addition to the revised documents.

- **Working Together to Safeguard Children 2018**
- **Keeping Children Safe in Education September 2023**

Other key documents are noted, which have prompted changes to safeguarding requirements over time. This policy references these throughout where relevant:

- GDPR and the Data Protection Act 2018.
- Information Sharing: Advice for Practitioners 2018.
- Sexual Violence and Sexual Harassment between Children in Schools and Colleges (guidance document) 2021.
- Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018.
- Childcare Act 2006 (as amended in 2018).
- The Human Rights Act 1998.
- The Equality Act 2010.

This policy should also be read in conjunction with Wigan's Threshold of Need ¹Document / Procedure and Wigan's Resolution Protocol².

Safeguarding is defined as:

- ensuring that children grow up with the provision of safe and effective care
- taking action to enable all children to have the best life chances
- preventing impairment of children's health or development and
- protecting children from maltreatment.

The term 'safeguarding children' covers a range of measures including child protection procedures. It encompasses a preventative approach to keeping children safe that incorporates pupil health and safety; school behaviour and preventing bullying; supporting pupils with medical conditions; personal, health, social economic education; providing first aid and site security. Consequently, this policy is consistent with all other policies adopted by The Governing Body and should be read alongside the following policies relevant to the safety and welfare of our pupils:

- Behaviour and Discipline policy
- Staff Code of Conduct (Staff Handbook) (for safer working practice)
- Teaching and Learning policy
- Equality Statement
- Whistleblowing policy
- SEND policy

[Thresholds of Need \(wiganlscb.com\)](https://www.wiganlscb.com)

² Escalation policy recently update to Resolution Protocol [Resolution Protocol \(wiganlscb.com\)](https://www.wiganlscb.com)

- Relationships and Sex education
- Anti-Bullying
- Intimate Care policy
- RSE
- Risk Assessments
- Acceptable Usage of IT
- Health and Safety
- Equality and Accessibility Plan
- Parental Involvement
- Lettings
- Attendance
- E Safety
- Safer Recruitment Policy
- Managing Medicines Policy
- PHSE
- Drug Education
- Distance Learning
- Online Safety

The aim of this policy is to ensure:

- All of our students are safe and protected from harm
- Safeguarding procedures are in place to help pupils and students to feel safe and learn to stay safe
- Adults in the education setting community are aware of the expected behaviours and the legal responsibilities in relation to safeguarding and child protection.
- All agencies are providing appropriate support to children and young people through adoption of the early help framework

This will be achieved by:

- Supporting the child's / young person's development in ways that will foster security, confidence and independence.
- Providing a high quality, safe and stimulating environment in which children and young people feel safe, secure, valued and respected, feel confident, and are able to enjoy, learn and grow in confidence. Have positive relationships with the adults caring for them and know how to approach adults if they are in difficulties, believing they will be effectively listened to.
- Raising the awareness of all teaching and non-teaching staff of the need to safeguard children and young people, of their responsibilities in identifying and reporting possible cases of abuse (reference appendices 1 and 2) and preventing and intervening earlier to address support and social needs of young people through the early help framework
- Providing a systematic means of monitoring children / young people known or thought to be at risk of harm, and ensure we contribute to assessments of need and support packages for those pupils/students.
- Emphasising the need for good levels of communication between all members of staff.
- Developing a structured procedure within the education setting which will be followed by all members of the education setting community in cases of suspected abuse. Also, that staff have had access to specific training and awareness raising concerning:
 - Employee code of conduct (for safer working practice)
 - D/DSL training
 - KCSIE Part 1
 - Looked After Children (CLA)
 - Online safety training for staff
 - Preventing Radicalisation
 - Staff training
 - Whistleblowing

- Developing and promoting effective working relationships with other agencies, especially the Police, Health and Social Care.
- Ensuring that all staff working within our education setting who have substantial access to children and young people have been checked as to their suitability, including verification of their identity, qualifications, and a satisfactory DBS check ³(according to guidance) and a central record is kept for audit
- Curriculum – teaching about safeguarding: Our pupils access a broad and balanced curriculum that promotes their spiritual, moral, cultural, mental and physical development, and prepares them for the opportunities, responsibilities and experiences of life. We provide opportunities for pupils to develop skills, concepts, attitudes and knowledge that promote their safety and well-being. The PSHE/RSHE and citizenship curriculum specifically includes the following objectives:
 - Developing pupil self-esteem and communication skills
 - Developing strategies for self-protection including online safety
 - Developing a sense of the boundaries between appropriate and inappropriate behaviour in adults and within peer relationships (positive relationships and consent)
 - EDIT AS APPROPRIATE

To be read in conjunction with KCSIE 2023

[Keeping children safe in education 2023 \(publishing.service.gov.uk\)](https://www.gov.uk/government/publications/keeping-children-safe-in-education-2023)

Scope

As outlined above, the term ‘safeguarding children’ covers a range of measures including child protection procedures. It encompasses a preventative approach through the early help framework to keeping children safe that incorporates pupil health and safety; school behaviour and preventing bullying; supporting pupils with medical conditions; personal, health, social economic education; providing first aid and site security.

All staff are aware of the categories of abuse, which are:

- Physical abuse
- Emotional Abuse
- Neglect
- Sexual abuse

The definitions of which can be found in the glossary, and signs and symptoms of the four categories of abuse can be found in *Appendix one and two*.

This policy assumes that any of the categories of abuse could be disclosed within the Borough of Wigan, and gives further information relating to individual types of abuse within this document in line with advice and guidance within Keeping Children Safe in Education 2023.

³ Guidance regarding DBS checks was updated by the Protection of Freedoms Act 2012
<https://www.gov.uk/dbs-check-applicant-criminal-record>

Expectations

All staff are:

- Familiar with this safeguarding policy and have an opportunity to contribute to its review.
- Alert to signs and indicators of possible abuse.
- Able to record and report concerns as set out in this policy.
- Able to deal with a disclosure of abuse from a pupil.
- Involved in the implementation of individual education programmes, integrated support plans, child in need plans and interagency child protection plans as required.

In addition, all staff have read and understood Part 1 of the latest version of Keeping Children Safe in Education (KCSIE 2023). All staff working directly with children have also read Annex A.

We recognise that all adults, including temporary staff⁴, volunteers and The Governing Body, have a full and active part to play in protecting our pupils / students from harm, and that the child's / young person's welfare is our paramount concern.

All staff believe that our education setting should provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child or young person.

We recognise that a child / young person who is neglected, abused or witnesses' violence may feel helpless and humiliated, may blame themselves, and find it difficult to develop and maintain a sense of worth.

We recognise that the education setting may provide the only stability in the lives of children and young people who have been abused or are at risk of harm.

We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.

We recognise that the early help framework provides opportunities to intervene early and prevent safeguarding issues developing, as well providing a framework for appropriate support to be wrapped around the child / young person and their family.

Responding to concerns / disclosures of abuse

Staff adhere to the following Dos and Don'ts when concerned about abuse or when responding to a disclosure of abuse.

Do:

- **Create a safe environment by offering** the child a private and safe place if possible.
- **Stay calm** and reassure the child and stress that he/she is not to blame.
- **Tell** the child that you know how difficult it must have been to confide in you.

⁴ Wherever the word "staff" is used, it covers ALL staff on site, including ancillary supply and self-employed staff, contractors, volunteers working with children etc, and governors

- **Listen carefully** and **tell** the child what you are going to do next.
- Use the **‘tell me’, ‘explain’, ‘describe’** and/or mirroring strategy.
- **Tell only the Designated or Deputy Safeguarding Lead.**
- **Record** in detail using the Welfare Concern Record without delay, using the child’s own words where possible.

Don’t:

- Take photographs of any injuries.
- Postpone or delay the opportunity for the pupil to talk.
- Take notes while the pupil is speaking or ask the pupil to write an account.
- Try to investigate the allegation yourself.
- Promise confidentiality, e.g. Say you will keep ‘the secret’.
- Approach or inform the alleged abuser.

All staff record any concern about or disclosure by a pupil of abuse or neglect and report this to the D/DSL using the standard form. It is the responsibility of each adult in the school to ensure that the D/DSL receives the record of concern without delay.

All staff should be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful.

In some circumstances, the D/DSL or member of staff seeks advice by ringing Children’s Social Care.

During term time, the DSL and / or a DDSL is always available during school hours for staff to discuss any safeguarding concerns.

The voice of the child is central to our safeguarding practice and pupils are encouraged to express and have their views given due weight in all matters affecting them.

We are committed to work in partnership with parents and carers. In most situations, we will discuss initial concerns with them. However, the D/DSL will not share information where there are concerns that if so doing would:

- place a child at increased risk of significant harm
- place an adult at increased risk of serious harm
- prejudice the prevention, detection or prosecution of a serious crime
- lead to unjustified delay in making enquiries about allegations of significant harm to a child, or serious harm to an adult.

When we become aware that a pupil is being privately fostered, we remind the carer/parent of their legal duty to notify Wigan Children’s Social Care. We follow this up by contacting Children’s Social Care directly. (MASH 01942 828300)

Safe Setting, Safe Staff

Our health and safety policy, set out in a separate document, reflects the consideration we give to the protection of our children and young people both physically within the education setting environment and, for example, in relation to internet use, and when away from the education setting, undertaking off site trips and visits.

School security guidance has been compiled to support the senior management of educational settings in the discharge of their responsibilities by ensuring the development and implementation of suitable procedures. In particular, maintaining the security of the premises in response to potential threats to the staff and pupils / students of the setting.

Appendix Four

St Luke's C of E Primary School will ensure that:

1. The Governing Body takes seriously its responsibility under section 175 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support those children who are suffering / at risk of suffering abuse and neglect.

As key strategic decision makers and vision setters for the schools, The Governing Body will make sure that our policies and procedures are in line with national and local safeguarding requirements. The Governing Body will work with the senior leaders to make sure the key actions set out in Safe Setting Safe Staff are in place.

- There is a safeguarding, child protection and early help policy together with a staff behaviour (code of conduct) policy
- The education setting operates safer recruitment procedures by ensuring that there is at least one person on every recruitment panel that has completed Safer Recruitment training.⁵
- Domestic Settings Only – The education setting will ensure that it complies with guidance relating to Disqualification by Association as set out within the amended guidance within the Childcare Act (03.09/2018).
- All other settings - Disqualification by Association is no longer allowed within school settings, although Disqualification under the Childcare Act 2006, still applies to staff themselves.
- The education setting has procedures for dealing with allegations of abuse against staff and volunteers and to make a referral to the DBS if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have, had they not resigned.
- A senior leader has Designated Safeguarding Lead (DSL) responsibility
- On appointment, the DSL undertakes interagency training and also undertakes DSL “new to role” training and an “update” course every 2 years
- All other staff have access to safeguarding training as appropriate
- Any weaknesses in Child Protection processes and procedures are remedied immediately
- A member of the Governing Body, usually the Chair, is nominated to liaise with the LA on safeguarding issues and in the event of an allegation of abuse made against the Headteacher / Head of School
- Safeguarding and Child Protection policies and procedures are reviewed annually and that the Safeguarding, Child Protection and Early Help (Thresholds of Needs) policy is available on the education settings website or by other means
- The Governing Body considers how children may be taught about safeguarding. This may be part of a broad and balanced curriculum covering relevant issues through personal social health and economic education (PSHE) and / or for maintained schools through relationship, sex & health education (RSHE).
 - Online Safety

⁵ Safer recruitment training can be accessed through Wigan Safeguarding Children's Board

- Developing pupil self-esteem and communication skills
 - Developing strategies for self-protection including online safety
 - Developing a sense of the boundaries between appropriate and inappropriate behaviour in adults and within peer relationships (positive relationships and consent)
 - Other topics relevant to your setting
- That enhanced DBS checks are in place for Chair of The Governing Body / Trustees of independent, academies, non-maintained special schools.
 - Governors in maintained schools are required to have an enhanced criminal records certificate from the DBS. It is the responsibility of the governing body to apply for the certificate for any of their governors who do not already have one. Governance is not a regulated activity and so governors do not need a barred list check unless, in addition to their governance duties, they also engage in regulated activity. Schools should also carry out a section 128 check for school governors, because a person subject to one is disqualified from being a governor. Using the free Employer Secure Access sign-in portal via the Teaching Regulation Agency's (TRA) Teacher Services' web page, schools can easily check if a person they propose to recruit as a governor is barred as a result of being subject to a section 128 direction.
 - Some overseas qualified teachers can apply to the Teaching Regulation Agency (TRA) for the award of qualified teacher status (QTS) in England. More information about this is available [Qualified teacher status \(QTS\): qualify to teach in England - GOV.UK \(www.gov.uk\)](http://www.gov.uk)
 - Associate members are appointed by the governing body to serve on one or more governing body committees. The School Governance (Constitution and Federations) (England) (Amendment) Regulations 2016 made enhanced DBS checks mandatory for maintained school governors but not associate members. • The nominated governor (NG) for safeguarding liaises with the headteacher / principal and the D/DSL to complete an annual Section 175 safeguarding audit to return to the local authority.
2. Keeping Children Safe in Education is statutory guidance that education settings in England must have regard to it when carrying out their duties to safeguard and promote the welfare of children applying to.
 - Governing bodies of maintained schools (including maintained nursery schools) and colleges;
 - Proprietors of independent schools (including academies, free schools and alternative provision academies) and non-maintained special schools. In the case of academies, free schools and alternative provision academies, the proprietor will be the academy trust; and
 - Management committees of pupil referral units (PRUs)
 3. The lead DSL is a member of the Senior Leadership team who has; along with the deputy designated safeguarding lead(s), undertaken the relevant training, and, upon appointment will undertake DSL new to role training followed by biannual updates.
 4. The DSL's who are involved in recruitment and at least one member of the governing body / trustees will also complete safer recruitment training to be renewed every 3 years.

5. The name of the designated members of staff for child protection (DSL's and DDSL's) will be clearly visible in the school, with a statement explaining the education settings role in referring and monitoring cases of suspected abuse.
6. All members of staff are trained in, and receive, regular updates in e-safety and reporting concerns
7. All new members of staff will be given a copy of our safeguarding statement and safeguarding, child protection and early help (thresholds of need) policy, with the DSL's names clearly displayed, as part of their induction.
8. All other staff, volunteers and The Governing Body, have child protection awareness training, updated by the DSL as appropriate, to maintain their understanding of the signs and indicators of abuse.
9. Child protection and safeguarding concerns or allegations against adults working in the school are referred to the DO (previously LADO) ⁶ for advice and that any member of staff found not suitable to work with children or young people will be notified to the Disclosure and Barring Service (DBS) for consideration for barring, following resignation, dismissal, or when we cease to use their service as a result of a substantiated allegation, in the case of a volunteer.
10. All parents/carers are made aware of the responsibilities of staff members with regard to safeguarding and child protection procedures through publication of the education settings Safeguarding, Child protection and Early Help policy, and reference to it in the school or setting's website.
11. The Policy is available publicly either on the education settings website or by other means. Parents / Carer's are made aware of this policy and their entitlement to have a copy.
12. All visitors complete a sign in / out form, wear a school ID badge and are provided with safeguarding information including the contact details of safeguarding personnel.
13. Visitors of a professional role are asked to provide evidence of their role and employment details (usually an identity badge) upon arrival at the education setting. Supporting letter in relation to DBS checks of visitors holding professional ID badges can be found in (**Appendix three**)
14. Community users organising activities for children are aware of the school's child protection guidelines and procedures.
15. Our lettings policy, for community use of the premises, will seek to ensure the suitability of adults working with children on school sites at any time. If school receive an allegation relating to an incident during the letting period, school will follow their safeguarding policies and procedures as standard, including informing the LADO.
16. Our procedures will be annually (as a minimum) reviewed and updated.

⁶ DO – Designated Officer (previously LADO - Local Authority Designated Officer) for allegations against staff. DO threshold document can be found here <https://www.wigan.gov.uk/Docs/PDF/WSCB/LADO-threshold.pdf>

Responsibilities

The designated safeguarding lead (DSL) should take lead responsibility for safeguarding and child protection and are responsible for:

1. Referring a child if there are any concerns about possible abuse, to the Local Authority, and acting as a focal point for staff to discuss these concerns. Referrals should be made by calling the Child in Need duty team.
2. Keeping written records of concerns about a child even if there is no need to make an immediate referral.
3. Ensuring that all such records are kept confidentially, securely stored and are separate from pupil / students record, are transferred securely and held by the setting where the pupils / students attend until their 25th birthday. In the instance of an early help intervention, consideration will be given to the welfare of the child / young person and consult with the family for appropriate transfer of information.
4. Ensuring that an indication of the existence of the additional file outlined above is clearly marked on the pupil's records.
5. Ensuring that all records are kept and retained in line with the "Record retention" policy, Children looked after records are retained for 99 years, and a record is kept and witnessed of the disposal of individual's record.
6. Making sure when a pupil / student leaves, any information regarding safeguarding (current or historic) as well as the child protection file, where applicable, is transferred to the new education setting as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained. Receiving schools and colleges should ensure key staff such as designated safeguarding leads and SENCOs or the named person with oversight for SEN in colleges, are aware as required.
7. Ensuring that they, or the staff member attending case conferences, core groups, early help meetings or other multi-agency planning meetings, contribute to assessments and provide a report which has been shared with the parents.
8. Ensuring that any pupil or student currently with a child protection plan who is absent in the educational setting without explanation for two days is referred to their key worker's Social Care Team.
9. Organising child protection training on induction and update training every 3 years for all school staff.
10. Providing, with the head of school, an annual report for the Governing Body, detailing any changes to the policy and procedures; training undertaken by the DSL, and by all staff and The Governing Body; number and type of incidents/cases, and a number of children on the child protection register (anonymised).
11. Liaising with other agencies and professionals.
12. Take lead responsibility for safeguarding and child protection, including online safety, understanding the filtering and monitoring systems and processes in place.

Supporting Children and Young People

The education setting will consider the need for an Early Help assessment when it is identified that there are low level concerns or emerging needs. Detailed information on Early Help can be found in Chapter 1 of Working Together to Safeguard Children.

It is the responsibility of the education setting to initiate Early Help to identify what the family's strengths and needs are. This will inform whether the setting can support the family or whether a referral to another agency is needed. This process provides a way of recording support and interventions that have been provided by the school to the child / young person and also supports a referral for additional support that may be needed from more targeted services where a single agency has been unable to meet that need. A team around the child meeting (TAC) can be arranged to ensure that a multi-agency action plan can be developed. It is important that the child and parents voice is captured as part of this assessment and that they take ownership of the plan. This plan should be regularly reviewed up to 4 to 6 weeks until outcomes are achieved.

If at any point during the EH process, the risk increases and the education setting becomes concerned that the child or young person is, or is likely to suffer significant harm, then a referral will be made to children's social care.

In all cases the educational setting will consider the statutory guidance for schools and colleges, Keeping Children Safe in Education (2023) with particular reference to Part 1: Information for all schools and colleges.

Our education setting will support all children and young people by:

- Encouraging self-esteem and self-assertiveness through the curriculum, as well as our relationships, whilst not condoning aggression or bullying.
- Healthy relationships
- Promoting a caring, safe and positive environment within the school.
- Liaising and working together with all other support services and those agencies involved in the safeguarding of children.
- Notifying Social Care as soon as there is a significant concern.
- Providing continuing support to a child or young person, about whom there have been concerns, who leaves the school by ensuring that appropriate information is copied under confidential cover to the pupils new setting and ensuring the school medical records are forwarded as a matter of priority.

If at any point the education setting becomes concerned that a child or young person is at serious risk of harm they should respond appropriately. If the school is concerned that a child is at **immediate** or **imminent** risk, then they should contact Greater Manchester Police on either 111 or 999. If however the school is concerned that a child is, or is likely to suffer serious harm but it is not imminent they should call Wigan Children's Social Care Referral Team on 01942 828300.

Children with Special Education Needs and Disabilities (SEND)

The education setting will use the same considerations for children and young people with SEND, as detailed above. However, the setting must also take into consideration that additional barriers can exist when recognising abuse and neglect in this group of children and young people. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's SEN or disability without further exploration (the setting must consider the child first and foremost, rather than the child's SEND).
- A higher risk of vulnerability due to factors such as a learning disability, lack of awareness, social isolation, which may contribute to risks such as online vulnerability;
- Being more prone to peer group isolation than other children.
- The potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- Communication barriers and difficulties in overcoming these barriers.

Children and young people with SEN and disabilities can face a number of challenges to disclosure, which must be recognised and taken into account, including prejudice, negative responses and low expectations.

Information sharing

We recognise that all matters relating to child protection are confidential⁷ and information is handled in line with the education settings.

The Government has issued Information Sharing for Safeguarding Practitioners Guidance that included 7 'Golden Rules' of Information Sharing in safeguarding :

The Government guidance (described by the NSPCC, 2018) is:

1. **Remember that the General Data Protection Regulation (GDPR) Data Protection Act 2018 and human rights law are not barriers** to justified information sharing but provide a framework to ensure that personal information about living individuals is shared appropriately.

7

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/721581/Information_sharing_advice_practitioners_safeguarding_services.pdf

2. **Be open and honest with the individual** (and/or their family where appropriate) from the outset about why, what, how and with whom information will, or could be shared, and seek their agreement, unless it is unsafe or inappropriate to do so.
3. **Seek advice from other practitioners** if you are in any doubt about sharing the information concerned, without disclosing the identity of the individual where possible.
4. **Share with informed consent where appropriate** and, where possible, respect the wishes of those who do not consent to share confidential information. You may still share information without consent if, in your judgement, there is good reason to do so, such as where safety may be at risk.
5. **Consider safety and well-being:** Base your information sharing decisions on considerations of the safety and well-being of the individual and others who may be affected by their actions.
6. **Necessary, proportionate, relevant, adequate, accurate, timely and secure:** Ensure that the information you share is necessary for the purpose for which you are sharing it, is shared only with those individuals who need to have it, is accurate and up-to-date, is shared in a timely fashion, and is shared securely.
7. **Keep a record of your decision and the reasons for it** – whether it is to share information or not. If you decide to share, then record what you have shared, with whom and for what purpose

All staff must be aware that they have a professional responsibility to share information in order to safeguard children and cannot assume that someone else will pass on the information.

Sharing of information will be necessary for the purpose for which it's being shared, is shared only with those individuals who need to have it, is accurate and up-to-date, is shared in a timely fashion, and is shared securely

Key organisations who have a duty under section 11 of the Children Act 2004 to have arrangements in place to safeguard and promote the welfare of children are:

- The local authority;
- NHS England;
- Integrated Care Systems;
- NHS Trusts, NHS Foundation Trusts;
- The local policing body;
- British Transport Police Authority;
- Prisons;
- National Probation Service and Community Rehabilitation Companies;4
- Youth offending teams; and
- Bodies within the education and /or voluntary sectors, and any individual to the extent that they are providing services in pursuance of section 74 of the Education and Skills Act 2008.

We will always undertake to share our intention to refer a child or young person to Social Care with their parent's / carers unless to do so could put the child or young person at greater risk of harm, or impede a criminal investigation.

Children with family members in prison Approximately 200,000 children in England and Wales have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

*** Remove as required*** As data controllers who process personal information we are registered with the Information Commissioner's Office *NB* The Data Protection Act requires every data controller who is processing personal information to register with the Information Commissioner's Office, unless they are exempt. To check if you are required to register check here: <https://ico.org.uk/for-organisations/data-protection-fee/self-assessment/> Governing bodies and proprietors should ensure relevant staff have due regard to the data protection principles, which allow them to share personal information, as provided for in the Data Protection Act 2018 and the GDPR. Relevant staff should be confident of the processing conditions under the Data Protection Act 2018 and the GDPR which allow them to store and share information for safeguarding purposes, including information which is sensitive and personal, and should be treated as 'special category personal data'. Schools should not under the GDPR as supplemented by the Data Protection Act 2018 provide pupils' education data where the serious harm test under that legislation is met. Therefore, in a situation where a child is in a refuge, this could mean that schools can withhold education data under the GDPR; they should do so where the serious harm test is satisfied. (KCSiE, 2023)

Supporting Staff

St Luke's C of E Primary School will work with partners in the safeguarding partnership to ensure positive outcomes for children and young people.

We recognise that staff working in the school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm, may find the situation stressful and upsetting.

We will support such staff by providing an opportunity to talk through their anxieties with the DSL and to seek further support as appropriate.

Designated Safeguarding Leads should make use of support available by the Local Authority and the partnerships Safeguarding Team.

DSLs will have oversight of Early Help and Child Protection plans with appropriate structure in place to monitor progress and outcomes in partnership with Children's Social Care and other stakeholders.

Education settings who have external services, such as a psychotherapist or similar, in regards to emotional wellbeing should include this here along with describing their policy on information sharing with this service.

Training

All members of staff and volunteers have read, signed and understood the schools Employee Code of Conduct Policy (for safer working practice).

We ensure training attended meets the minimum standards set out by WSCP in the document 'WSCP recommended minimum standards for child protection training'.

Induction

The welfare of all our pupils is of paramount importance. All staff including volunteers are informed of our safeguarding procedures including online safety, at induction. Our induction also includes:

- Plan of support for individuals appropriate to the role for which they have been hired
- Confirmation of the conduct expected of staff within the schools – our Employees Code of Conduct Policy
- Opportunities for a new member of staff to discuss any issues or concerns about their role or responsibilities
- Confirmation of the line management / mentor process whereby any general concerns or issues about the person's ability or suitability will be addressed.
- Safeguarding Training.

Safeguarding training

This training is for all staff and is updated every 3 years as a minimum to ensure staff understand their role in safeguarding. Any member of staff not present at this whole staff session will receive this statutory training requirement on their return.

In addition, all staff members receive safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as necessary and at least annually. All staff also receives training in online safety, and this is updated as necessary.

Advanced training

The D/DSL has additional training which is updated every two years as a minimum. The D/DSL also attends multi-agency courses relevant to school needs. Their knowledge and skills are refreshed at least annually eg via e-bulletins or safeguarding networking events with other D/DSLs.

Safer Recruitment

At least one person on any appointment panel has undertaken Safer Recruitment Training. This training is updated every three years as a minimum.

KCSIE (2023) guidance to safer recruitment. To include:

- The recruitment and selection process
- Pre appointment and vetting checks
- Other necessary checks
- How to ensure the ongoing safeguarding of children and legal responsibilities of employers.

Preventing Radicalisation

All staff undertake Prevent Training.

Due to the demanding, often distressing nature of child protection work, we support staff by providing an opportunity to talk through the challenges of this aspect of their role with a senior leader and to seek further support as appropriate.

The Governing Body

Governors undertake the school's Induction programme. They may choose to complete face to face training for governors provided by Wigan Council. In addition, governors may choose to attend whole school safeguarding and child protection training.

Allegations against staff

All Education setting and Early Years staff should take care not to place themselves in a vulnerable position with a child.

All staff should be expected to have awareness and knowledge of Guidance on Behaviour Issues, along with the school's own Behaviour Policy and this should be part of induction for all new staff or volunteers.

Guidance about conduct and safe practice, including safe use of mobile phones by staff and volunteers, will be given at induction, alongside information on Safer Working Practices.

We understand that a pupil or student may make an allegation against a member of staff.

If such an allegation is made, or information is received which suggests that a person may be unsuitable to work with children / young people, the member of staff receiving the allegation or aware of the information, will immediately inform the Headteacher / Head of School

The Head teacher / Head of school, on all such occasions, will discuss the content of the allegation with the Local Authority Designated Officer (LADO).⁸

If the allegation made to a member of staff concerns the Headteacher / Head of School, the person receiving the allegation will immediately inform the Chair of The Governing Body / Trustees who will consult LADO, without notifying the Headteacher first.

The school will follow Wigan's procedures for managing allegations against staff. Under no circumstances will we send a child / young person home pending such an investigation, unless this advice is given exceptionally, as a result of a consultation with the LADO.

Suspension of the member of staff, excluding the Headteacher, against whom an allegation has been made, needs careful consideration, and the Headteacher will seek the advice of Human Resources / Legal in order to make that decision and informing the LADO at the earliest opportunity.

In the event of an allegation against the Headteacher, the decision to suspend will be made by the Chair of The Governing Body / Trustees with advice as outlined above.

We have a procedure for managing the suspension of a contract for a community user in the event of an allegation arising in that context.

⁸ LADO process can be found on the WSCB website
<http://www.wiganiscb.com/Professionals/LADO.aspx>

Disagreements, Escalation and Resolution

Effective working together depends on an open approach and honest relationships between colleagues and between agencies.

Staff must be confident and able to professionally disagree and challenge decision-making as an entirely legitimate activity; a part of our professional responsibility to promote the best safeguarding practice. Staff are encouraged to press for re-consideration if they believe a decision to act / not act in response to a concern raised about a child is wrong. In such cases the WSCB Case Resolution Protocol (formerly escalation policy) is used if necessary.⁹ If we are on the receiving end of a professional challenge, we see this as an opportunity to reflect on our decision making.

Whistleblowing

All staff can raise concerns about poor or unsafe practice and potential failures in the education settings safeguarding regime. Our whistleblowing procedures, which are reflected in staff training and our Code of Conduct, are in place for such concerns to be raised with the headteacher.

If a staff member feels unable to raise an issue with the headteacher or feels that their genuine concerns are not being addressed, other whistleblowing channels are open to them:

- The NSPCC whistleblowing helpline - Staff can call: 0800 028 0285 from 08:00 to 20:00, Monday to Friday, or email help@nspcc.org.uk
- A member of the Governing Body: Jason Ratcliffe-cog@saintlukes.wigan.sch.uk

We recognise that children and young people cannot be expected to raise concerns in an environment where staff fails to do so.

All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitudes or actions of colleagues. If it becomes necessary to consult outside the school, they should speak in the first instance, to the Area Education Officer / DO following the whistleblowing policy.

Whistleblowing regarding the Headteacher should be made to the Chair of the Governing Body (or trustees) whose contact details are readily available to staff (as pertained to setting).

It's acknowledged that Whistle-blowers have the right to remain anonymous, however identifying yourself may assist with any further investigations.

Physical Intervention and use of reasonable force

We acknowledge that staff must only ever use physical intervention as a last resort, when a child or young person is endangering him / herself or others.

The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children / young people. "Reasonable" in these circumstances means using no more force than necessary and staff should refer to the section on "use of reasonable force" within the behaviour policy.

Such events should be recorded by completing a serious incident log and signed by a witness.

Staff who are likely to need to use physical intervention or reasonable force will be appropriately trained in an accredited positive handling technique.

We understand that physical intervention of a nature which causes injury or distress to a child or young person may be considered under child protection or disciplinary procedures.

We recognise that touch is appropriate in the context of working with children and young people, and all staff are aware of the safer working practice guidance¹⁰ to ensure they are clear about their professional boundary.

Prevention

We recognise that the education setting plays a significant part in the prevention of harm to our children and young people by providing them with good lines of communication with trusted adults.

If early help is appropriate, the designated safeguarding lead (or deputy) will contact the early help hub to ensure there is no current intervention and will generally lead on liaising with other agencies, setting up an inter-agency assessment as appropriate.

Early help means providing support as soon as a problem emerges, at any point in a child's life. Providing early help is more effective in promoting the welfare of children than reacting later.

Any such cases should be kept under constant review and consideration given to a referral to children's social care for assessment for statutory services, if the child's situation does not appear to be improving or is getting worse.

The education settings community will;

- Work to establish and maintain an ethos where children feel secure and are encouraged to talk and are always listened to.

¹⁰ Available to view on the WSCB website

- Include regular consultation with children and young people e.g. through safety questionnaires, participation in anti-bullying week, asking children and young people to report whether they have had happy / sad lunchtimes / playtimes / breaks
- Ensure that all pupils and students know there is a trusted adult in the education setting whom they can approach if they are worried or in difficulty.
- Include safeguarding across the curriculum, including PSHE/ RSHE, opportunities to equip children with the skills they need to stay safe from harm and to know whom they should turn to for help. In particular this will include all aspects of anti-bullying work, e-safety, road safety, pedestrian and cycle training. Also focused work in year 6 to prepare for transition to secondary school and more personal safety / independent travel
- Ensure all staff are aware of school guidance for their use of mobile technology and have discussed safeguarding issues around the use of mobile technologies and their associated risks.

Domestic Abuse

We recognise the significant impact domestic abuse can have on children and young people, therefore we operate in partnership with Operation Encompass, a system which facilitates the sharing of information relating to domestic incidents where children live or frequent. Any incidents of domestic violence reported to the police will be notified to the education setting to effectively support the child(ren) / young person.

The operation encompass helpline and further resources can be found in Appendix 6.

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

Sexual Violence and Sexual Harassment including Child-On-Child

The education setting recognises that allegations of sexual violence and sexual harassment are likely to be complex and require difficult professional decisions to be made.

Decisions will be made on a case by case basis with the DSL taking a leading role, supported by other agencies such as Children's Social Care and the Police as required¹¹.

¹¹ <https://www.gov.uk/government/publications/sexual-violence-and-sexual-harassment-between-children-in-schools-and-colleges>

Child-On-Child abuse

All children have a right to attend school and learn in a safe environment. All child-on-child abuse is unacceptable and will be taken seriously. Staff recognise that while both boys and girls can abuse their peers, it is more likely that girls will be victims and boys' perpetrators of such abuse. Child-on-child abuse is not tolerated, passed off as "banter" or seen as "part of growing up". It is likely to include, but not limited to:

- bullying (including cyber bullying)
- gender based violence
- sexual assaults
- nudes or semi nudes or
- Initiation / hazing type violence and rituals.
- Abuse in intimate personal relationships between peers

Consequently, child-on-child abuse is dealt with as a safeguarding concern, recorded as such and not managed through the systems set out in the school behaviour policy.

Victims, perpetrators and any other child affected by child-on-child abuse will be supported through the school's pastoral system and the support will be regularly reviewed.

We minimise the risk of child-on-child abuse by providing:

- A relevant curriculum, that helps children to develop their understanding of acceptable behaviours, healthy relationships and keeping themselves safe.
- Established / publicised systems for children to raise concerns with staff, knowing they will be listened to, supported and valued, and that the issues they raise will be taken seriously.

The DSL liaises with other professionals to develop robust risk assessments and appropriate specialist targeted work for children that are identified as posing a potential risk to other children.

Our school policy on anti-bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures. This includes all forms, e.g. Cyber, racist, homophobic and gender related bullying.

All staff are aware that children with SEND and / or differences / perceived differences are more susceptible to being bullied / victims of child abuse.

Our policy on racist incidents is set out separately and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures.

We keep a record of known bullying incidents and will keep a record of racist and sexual incidents.

Upskirting

This typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.

In the event of any reported Upskirting, school staff will follow safeguarding procedures and report to the DSL or DDSL.

Preventing Radicalisation

Protecting children from the risk of radicalisation should be seen as part of schools' wider safeguarding duties. Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. As with managing other safeguarding risks, education settings should be alerted to changing in children's and young person's behaviour that could indicate that they are in need of protection. Staff should use their professional judgement in identifying children and young people who might be at risk of radicalisation and act proportionately which may include making a referral to the Channel programme.

Our school safeguarding policy will therefore be written to comply with the schools duty under Section 26 of the Counter Terrorism and Security Act 2015 in accordance with the Department of Education advice for schools specific guidance for schools

Exploitation – CSE, Criminal, Human Trafficking, Modern Day Slavery, County Lines

Our education setting will ensure that the Designated Safeguarding Lead and other key staff are trained in spotting the possible signs of exploitation outlined in Appendix one and two (this is not an exhaustive or definitive list)

Female Genital Mutilation

The Female Genital Mutilation Act 2003 was amended by the Serious Crime Act 2015 where the law was extended to:

- A non-UK national who is 'habitually resident' in the UK and commits such an offence abroad can now face a maximum penalty of 14 years imprisonment. It is also an offence to assist a non-UK resident to carry out FGM overseas on a girl who is habitually, rather than pertinently, resident in the UK. This follows a number of cases where victims were unable to get justice as FGM was committed by those not permanently residing in the UK.
- A new offence is created of failing to protect a girl from the risk of FGM. Anyone convicted can face imprisonment for up to seven years and / or and unlimited fine.
- Anonymity for the victims of FGM. Anyone identifying a victim can be subject to an unlimited fine.

The school recognises and adheres to its mandatory duty to report any suspected or known cases of FGM about a female under 18 years old to the police.

Our Designated Safeguarding Lead will maintain up to date knowledge of the Greater Manchester Safeguarding Partnership Protocol to Female Genital Mutilation.

Children Missing Education

Responsibilities for Children Missing from Education (CME):

- Education settings must enter pupils on the admission register at the beginning of the first day on which the setting has agreed, or been notified, that the pupil will attend. If a pupil fails to attend on the agreed or notified date, the education setting should undertake reasonable enquiries to establish the child's whereabouts and consider notifying the local authority at the earliest opportunity
- Education settings must monitor pupils' attendance through their daily register. Settings should agree with their local authority the intervals at which they will inform local authorities of the details of pupils who fail to attend regularly or have missed ten school days or more without permission. Education settings should monitor attendance closely and address poor or irregular attendance.
- Education settings must also arrange full-time education for excluded pupils from the sixth school day of a fixed period exclusion. This information can be found in the *Exclusion from maintained schools, academies and pupil referral units in England* statutory guidance.
- Maintained schools have a safeguarding duty in respect of their pupils, and as part of this should investigate any unexplained absences. Academies and independent schools have a similar safeguarding duty for their pupils. Further information about schools' safeguarding responsibilities can be found in the Keeping Children Safe in Education.

Making reasonable enquiries for Children Missing Education;

- The term 'reasonable enquiries' grants education settings and local authorities a degree of flexibility in decision-making, particularly as the steps that need to be taken in a given case will vary. The term 'reasonable' also makes clear that there is a limit to what the school and local authority is expected to do.
- In line with the duty under section 10 of the Children Act 2004, the expectation is that the education setting, and the local authority will have in place procedures designed to carry out reasonable enquiries. The type of procedures may include the appropriate person checking with relatives, neighbours, landlords – private or social housing providers – and other local stakeholders who are involved. They should also record that they have completed these procedures. If there is reason to believe a child is in immediate danger or at risk of harm, a referral should be made to children's social care (and the police if appropriate).

Staff report immediately to the D/DSL, if they know of any child who may be:

- Missing – whereabouts unknown and unable to make contact (as a result of making reasonable enquiries)
- Missing education – (compulsory school age (5-16) with no school place and not electively home educated)

The Local Authority requires Education Settings to complete the ‘**Children Missing Education**’ referral form. (**Appendix Five**) This form should be completed once the setting has completed reasonable enquires but failed to locate the child following 10 days of absence. The first part should be completed by school and submitted to the Early Help Hub ehh@wigan.gov.uk . The EHH will then complete further checks to ensure all lines of enquiry have been exhausted, before it is agreed the child is removed from roll.

Making these enquiries may not always lead to establishing the location of the child, but will provide a steer on what action should be taken next, for example, to contact the police, children’s social care and, in cases where there may be concerns for the safety of a child who has travelled abroad, the Foreign and Commonwealth Office.

Where a pupil has not returned to school for ten days after an authorised absence, or is absent from school without authorisation for twenty consecutive school days they can only be removed from the admission register under regulation 8(1), sub-paragraph (f)(iii) or (h)(iii) if the school and the local authority have failed to establish the pupil’s whereabouts after **jointly** making reasonable enquiries. Local authorities and education settings should agree roles and responsibilities locally in relation to making joint enquiries. This only applies if the setting does not have reasonable grounds to believe that the pupil is unable to attend because of sickness or unavoidable cause.

The designated teacher for CLA and care leavers to discuss any unauthorised / unexplained absence of a Looked After Children with the Virtual School Team, when required.

Children who do not attend school regularly can be at increased risk of abuse and neglect. Where there is unauthorised / unexplained absence, and after reasonable attempts have been made to contact the family, the DSL follows the WSCB procedure and refers to Children’s Services as appropriate.

Where there are no known welfare concerns about a pupil, follow procedures for recording school absence in line with *DfE School attendance guidance 2021* [School attendance: guidance for schools - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/school-attendance-guidance-for-schools). Should a pupil’s attendance become a cause for concern it is advisable to intervene early to prevent entrenched non-school attendance. School should make contact with the Early Help Hub (EHH) to initiate an Early Help, if appropriate. This will evidence and identify the barriers impacting on the pupil’s engagement with school.

Elective Home Education

Schools should inform the local authority when a child is being withdrawn to Electively Home Educate (EHE) this allows the local authority EHE team to oversee suitability of education as outlined in Elective Home Education Guidance for local authorities¹² and Elective home education guidance for parents and carers¹³. This guidance is applicable to school practice and safeguarding duty.

Parents have a right to educate their children at home. Section 7 of the Education Act 1996 provides that:

¹² [Elective home education: departmental guidance for local authorities \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/91141/elective-home-education-guidance-for-local-authorities.pdf)

¹³ [Elective home education: guide for parents \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/91141/elective-home-education-guidance-for-parents-and-carers.pdf)

"The parent of every child of compulsory school age shall cause him to receive efficient full-time education suitable –

(a) to his age, ability and aptitude, and

(b) to any special educational needs he may have, either by regular attendance at school or otherwise."

When a parent writes to inform school of their intention to withdraw a child the DfE recommends that the school arrange a meeting with the parent/guardian to discuss the reasons to withdraw. Wigan EHE team would recommend this is a member of senior leadership team, DSL or inclusion manager to support the parent to consider the wider implications of EHE as set out in guidance.

School should contact the local authority EHE team for further information via ehe@wigan.gov.uk

Young Carers

A young carer is someone under 18 who helps look after someone in their family, or a friend, who is ill, disabled or misuses drugs or alcohol.

Our school recognises the impact that being a Young Carer can have on pupils, and the importance of identifying those young people so that appropriate support can be provided.

Wigan Safeguarding Children Board coordinates our local Young Carers Strategy. (If relevant to your school) As a school we have achieved / are working towards the Children's Society / Carers Trust 'Young Carers in Schools' Award and we have a supporting Young Carers Policy.

Where a pupil / student at our school is identified as having additional support needs due to being a young carer, or where a multi-agency approach may be required, our school uses the Early Help Framework and routes into the StartWell Service.

Monitoring and Evaluation

Our child protection policy and procedures will be monitored and updated by:

- Governing Body visits to the education setting
- SLT drop ins and discussions with children, young people and staff
- Pupil / student surveys and questionnaires
- Scrutiny of exclusion and attendance data
- Scrutiny of MG minutes
- Logs of bullying / racist / sexist behaviour incidents for SLT and GB to monitor
- Review of parental concerns and parent / carer questionnaires
- Review of the use of intervention strategies such as nurture room and isolation room.

This policy should be read in alongside the following policies relevant to the safety and welfare of our pupils;

Glossary

A Child	A person who has not yet reached their 18 th birthday.
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those who know them or, more rarely by others (e.g. via the internet). They may be abused by an adult or adults or another child or children.
Bullying & Cyberbullying	Behaviour that is: <ul style="list-style-type: none"> • repeated • intended to hurt someone either physically or emotionally • often aimed at certain groups, for example because of race, religion, gender or sexual orientation
Child Protection	Activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.
Child sexual exploitation (CSE)	Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.
Children with Special Educational Needs and/or disabilities	SEN – a child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. Disability – a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities.
Child-on-child Abuse	Child-on-child abuse occurs when a young person is exploited, bullied and / or harmed by their peers who are the same or similar age; everyone directly involved in child-on-child abuse is under the age of 18.
County Lines	Criminal exploitation is also known as ‘county lines’ and is when gangs and organised crime networks exploit children to sell drugs. Often these children are made to travel across counties, and they use dedicated mobile phone ‘lines’ to supply drugs
Contextual Safeguarding	Contextual Safeguarding is an approach to understanding, and responding to, young people’s experiences of significant harm beyond their families. It recognises that the different relationships

	that young people form in their neighbourhoods, schools and online can feature violence and abuse.
Criminal Exploitation	Involves young people under the age of 18 in exploitative situations, relationships or contexts, where they may be manipulated or coerced into committing crime on behalf of an individual or gang in return for gifts, these may include: friendship or peer acceptance, but also cigarettes, drugs, alcohol or even food and accommodation.
Domestic Abuse	any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: <ul style="list-style-type: none"> • psychological • physical • sexual • financial • emotional
Early Help	Intervening early and as soon as possible to tackle problems emerging for children, young people and families with a population most at risk of developing problems. Effective intervention may occur at any point in a child or young person's life.
Elective Home Education (EHE)	When a parent exercise their right to provide their child's education via an alternative to school. This involves the parent working in partnership with the local authority to support the authority meeting their duty to ensure the education is efficient and suitable. In this case the safeguarding duty for the child rests with the parent or guardian. Although safeguarding concerns from schools and professional would continue as with any other case and should follow safeguarding referral routes into the MAST for triage and assessment
Emotional Abuse	The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying),

	<p>causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.</p>
Female Genital Mutilation (FGM)	<p>Female genital mutilation (FGM) is a procedure where the female genitals are deliberately cut, injured or changed, but where there's no medical reason for this to be done.</p>
Gangs & Youth Violence	<p>Defining a gang is difficult. They tend to fall into three categories; peer groups, street gangs and organised crime groups. It can be common for groups of children and young people to gather together in public places to socialise, and although some peer group gatherings can lead to increased antisocial behaviour and low level youth offending, these activities should not be confused with the serious violence of a Street Gang.</p> <p>A Street Gang can be described as a relatively durable, predominantly street-based group of children who see themselves (and are seen by others) as a discernible group for whom crime and violence is integral to the group's identity.</p> <p>An organised criminal group is a group of individuals normally led by adults for whom involvement in crime is for personal gain (financial or otherwise).</p>
Hate	<p>Hostility or prejudice based on one of the following things:</p> <ul style="list-style-type: none"> • disability • race • religion • transgender identity • sexual orientation.
Homelessness	<p>The definition of homelessness means not having a home. You are homeless if you have nowhere to stay and are living on the streets, but you can be homeless even if you have a roof over your head.</p> <p>You count as homeless if you are:</p> <ul style="list-style-type: none"> • staying with friends or family; • staying in a hostel, night shelter or B&B; • squatting (because you have no legal right to stay); • at risk of violence or abuse in your home; • living in poor conditions that affect your health; • living apart from your family because you don't have a place to live together. <p>https://safeguarding.network/safeguarding-resources/parental-issues/homelessness/</p> <p>https://www.gov.uk/guidance/homelessness-code-of-guidance-for-local-authorities</p>

Honour-based violence	Honour based violence is a violent crime or incident which may have been committed to protect or defend the honour of the family or community.
Neglect	Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: <ul style="list-style-type: none"> • Protect a child from physical and emotional harm or danger. • Ensure adequate supervision (including the use of inadequate caregivers). • Ensure access to appropriate medical care or treatment. • It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
Modern Slavery	Modern slavery is a serious crime being committed across the UK in which victims are exploited for someone else's gain. It can take many forms including trafficking of people, forced labour and servitude. Victims are often hidden away, may be unable to leave their situation, or may not come forward because of fear or shame.
Physical Abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Private Fostering	A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child under the age of 16 years (under 18, if disabled) by someone other than a parent or close relative, in their own home, with the intention that it should last for 28 days or more. (Close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and stepparents; it does not include great-aunts or uncles, great grandparents or cousins.)
Radicalisation & Extremism	Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism. Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
Relationship Abuse	Teen relationship abuse consists of the same patterns of coercive and controlling behaviour as domestic abuse. These patterns might include some or all of the following: sexual abuse, physical abuse, financial abuse, emotional abuse and psychological abuse.

Safeguarding and promoting the welfare of children	<ul style="list-style-type: none"> • protecting children from maltreatment; • preventing impairment of children’s health or development; • ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and <p>taking action to enable all children to have the best outcomes.</p>
Nudes and Semi-Nudes	<p>Sharing nudes or semi nudes is when someone shares sexual, naked or semi-naked images or videos of themselves or others or sends sexually explicit messages.</p> <ul style="list-style-type: none"> • They can be sent using mobiles, tablets, smartphones, and laptops - any device that allows you to share media and messages.
Sexual Abuse	<p>Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.</p> <p>They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children</p>
Sexual harassment	<p>Is a type of harassment involving the use of explicit or implicit sexual overtones, including the unwelcome or inappropriate promise of rewards in exchange for sexual favours. Sexual harassment includes a range of actions from verbal transgressions to sexual abuse or assault</p>
Sexual Violence	<p>Is the general term we use to describe any kind of unwanted sexual act or activity, including rape, sexual assault, sexual abuse, and many others.</p>
Trafficking	<p>Trafficking in persons shall mean the recruitment, transportation, transfer, harbouring or receipt of persons, by means of the threat or use of force or other forms of coercion, of abduction, of fraud, of deception, of abuse of power or of a position of vulnerability or of the giving or receiving of payments or benefits to achieve the consent of a person having control of another person, for the purpose of exploitation. Exploitation shall include, at a minimum, the exploitation of the prostitution of others or other forms of sexual exploitation, forced labour or services, slavery or practices similar to slavery, servitude or removal of organs.</p>
Upskirting	<p>Upskirting, typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their</p>

	genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
--	---

Appendix one

Recognising signs of child abuse

Signs of Abuse in Children:

The following non-specific signs may indicate something is wrong:

- ✦ Significant change in behaviour
- ✦ Extreme anger or sadness
- ✦ Aggressive and attention-seeking behaviour
- ✦ Suspicious bruises with unsatisfactory explanations
- ✦ Lack of self-esteem
- ✦ Self-injury
- ✦ Depression
- ✦ Age inappropriate sexual behaviour
- ✦ Child Sexual Exploitation.

Risk Indicators

The factors described in this section are frequently found in cases of child abuse. Their presence is not proof that abuse has occurred, but:

- Must be regarded as indicators of the possibility of significant harm
- Justifies the need for careful assessment and discussion with designated / named / lead person, manager, (or in the absence of all those individuals, an experienced colleague)
- May require consultation with and / or referral to Children's Services

The absence of such indicators does not mean that abuse or neglect has not occurred.

In an abusive relationship the child may:

- Appear frightened of the parent/s
- Act in a way that is inappropriate to her/his age and development (though full account needs to be taken of different patterns of development and different ethnic groups)

The parent or carer may:

- Persistently avoid child health promotion services and treatment of the child's episodic illnesses
- Have unrealistic expectations of the child
- Frequently complain about/to the child and may fail to provide attention or praise (high criticism/low warmth environment)
- Be absent or misusing substances
- Persistently refuse to allow access on home visits
- Be involved in domestic abuse

Staff should be aware of the potential risk to children when individuals, previously known or suspected to have abused children, move into the household.

Recognising Physical Abuse

The following are often regarded as indicators of concern:

- ❖ An explanation which is inconsistent with an injury
- ❖ Several different explanations provided for an injury
- ❖ Unexplained delay in seeking treatment
- ❖ The parents/carers are uninterested or undisturbed by an accident or injury
- ❖ Parents are absent without good reason when their child is presented for treatment
- ❖ Repeated presentation of minor injuries (which may represent a “cry for help” and if ignored could lead to a more serious injury)
- ❖ Family use of different doctors and A&E departments
- ❖ Reluctance to give information or mention previous injuries

Bruising

Children can have accidental bruising, but the following must be considered as non-accidental unless there is evidence, or an adequate explanation provided:

- ❖ Any bruising to a pre-crawling or pre-walking baby
- ❖ Bruising in or around the mouth, particularly in small babies which may indicate force feeding
- ❖ Two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- ❖ Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally
- ❖ Variation in colour possibly indicating injuries caused at different times
- ❖ The outline of an object used e.g. belt marks, handprints or a hairbrush
- ❖ Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- ❖ Bruising around the face
- ❖ Grasp marks on small children
- ❖ Bruising on the arms, buttocks and thighs may be an indicator of sexual abuse

Bite Marks

Bite marks can leave clear impressions of the teeth. Human bite marks are oval or crescent shaped. Those over 3 cm in diameter are more likely to have been caused by an adult or older child.

A medical opinion should be sought where there is any doubt over the origin of the bite.

Burns and Scalds

It can be difficult to distinguish between accidental and non-accidental burns and scalds and will always require experienced medical opinion. Any burn with a clear outline may be suspicious e.g.:

- ❖ Circular burns from cigarettes (but may be friction burns if along the bony protuberance of the spine)
- ❖ Linear burns from hot metal rods or electrical fire elements
- ❖ Burns of uniform depth over a large area

- ❖ Scalds that have a line indicating immersion or poured liquid (a child getting into hot water is his/her own accord will struggle to get out and cause splash marks)
- ❖ Old scars indicating previous burns/scalds which did not have appropriate treatment or adequate explanation

Scalds to the buttocks of a small child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

Fractures

Fractures may cause pain, swelling and discolouration over a bone or joint.

Non-mobile children rarely sustain fractures.

There are grounds for concern if:

- ❖ The history provided is vague, non-existent or inconsistent with the fracture type
- ❖ There are associated old fractures
- ❖ Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement
- ❖ There is an unexplained fracture in the first year of life

Scars

A large number of scars or scars of different sizes or ages, or on different parts of the body, may suggest abuse.

Recognising Emotional Abuse

Emotional abuse may be difficult to recognise, as the signs are usually behavioural rather than physical. The manifestations of emotional abuse might also indicate the presence of other kinds of abuse.

The indicators of emotional abuse are often also associated with other forms of abuse.

The following may be indicators of emotional abuse:

- Developmental delay
- Abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or not attachment
- Indiscriminate attachment or failure to attach
- Aggressive behaviour towards others
- Scapegoated within the family
- Frozen watchfulness, particularly in pre-school children
- Low self-esteem and Lack of confidence
- Withdrawn or seen as a “loner” – difficulty relating to others

Recognising Signs of Sexual Abuse

Boys and girls of all ages may be sexually abused and are frequently scared to say anything due to guilt and/or fear. This is particularly difficult for a child to talk about and full account should be taken of the cultural sensitivities of any individual child/family.

Recognition can be difficult, unless the child discloses and is believed. There may be no physical signs and indications are likely to be emotional/behavioural.

Some behavioural indicators associated with this form of abuse are:

- ❖ Inappropriate sexualised conduct
- ❖ Sexually explicit behaviour, play or conversation, inappropriate to the child's age
- ❖ Continual and inappropriate or excessive masturbation
- ❖ Self-harm (including eating disorder), self-mutilation and suicide attempts
- ❖ Involvement in prostitution or indiscriminate choice of sexual partners
- ❖ An anxious unwillingness to remove clothes e.g. for sports events (but this may be related to cultural norms or physical difficulties)

Some physical indicators associated with this form of abuse are:

- ❖ Pain or itching of genital area
- ❖ Blood on underclothes
- ❖ Pregnancy in a younger girl where the identity of the father is not disclosed
- ❖ Physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing

Sexual Abuse by Young People

The boundary between what is abusive and what is part of normal childhood or youthful experimentation can be blurred. The determination of whether behaviour is developmental, inappropriate or abusive will hinge around the related concepts of true consent, power imbalance and exploitation. This may include children and young people who exhibit a range of sexually problematic behaviour such as indecent exposure, obscene telephone calls, fetishism, bestiality and sexual abuse against adults, peers or children.

Developmental Sexual Activity encompasses those actions that are to be expected from children and young people as they move from infancy through to an adult understanding of their physical, emotional and behavioural relationships with each other. Such sexual activity is essentially information gathering and experience testing. It is characterised by mutuality and of the seeking of consent.

Inappropriate Sexual Behaviour can be inappropriate socially, inappropriate to development, or both. In considering whether behaviour fits into this category, it is important to consider what negative effects it has on any of the parties involved and what concerns it raises about a child or young person. It should be recognised that some actions may be motivated by information seeking, but still cause significant upset, confusion, worry, physical damage, etc. It may also be that the behaviour is "acting out" which may derive from other sexual situations to which the child or young person has been exposed.

If an act appears to have been inappropriate, there may still be a need for some form of behaviour management or intervention. For some children, educative inputs may be enough to address the behaviour.

Abusive sexual activity included any behaviour involving coercion, threats, aggression together with secrecy, or where one participant relies on an unequal power base.

Assessment

In order to more fully determine the nature of the incident the following factors should be given consideration. The presence of exploitation in terms of:

- **Equality** – consider differentials of physical, cognitive and emotional development, power and control and authority, passive and assertive tendencies
- **Consent** – agreement including all the following:
 - Understanding that is proposed based on age, maturity, development level, functioning and experience
 - Knowledge of society's standards for what is being proposed
 - Awareness of potential consequences and alternatives
 - Assumption that agreements or disagreements will be respected equally
 - Voluntary decision
 - Mental competence
- **Coercion** – the young perpetrator who abuses may use techniques like bribing, manipulation and emotional threats of secondary gains and losses that is loss of love, friendship, etc. Some may use physical force, brutality or the threat of these regardless of victim resistance.

In evaluating sexual behaviour of children and young people, the above information should be used only as a guide.

Recognising Neglect

Evidence of neglect is built up over a period of time and can cover different aspects of parenting. Indicators include:

- Failure by parents or carers to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene and medical care
- A child seen to be listless, apathetic and unresponsive with no apparent medical cause
- Failure of child to grow within normal expected pattern, with accompanying weight loss
- Child thrives away from home environment
- Child frequently absent from school
- Child left with adults who are intoxicated or violent
- Child abandoned or left alone for excessive periods

Child Sexual Exploitation

The following list of indicators is not exhaustive or definitive, but it does highlight common signs which can assist professionals in identifying children or young people who may be victims of sexual exploitation.

Signs include:

- underage sexual activity
- inappropriate sexual or sexualised behaviour
- sexually risky behaviour, 'swapping' sex
- repeat sexually transmitted infections

- in girls, repeat pregnancy, abortions, miscarriage
- receiving unexplained gifts or gifts from unknown sources
- having multiple mobile phones and worrying about losing contact via mobile
- having unaffordable new things (clothes, mobile) or expensive habits (alcohol, drugs)
- changes in the way they dress
- going to hotels or other unusual locations to meet friends
- seen at known places of concern
- moving around the country, appearing in new towns or cities, not knowing where they are
- getting in/out of different cars driven by unknown adults
- having older boyfriends or girlfriends
- contact with known perpetrators
- involved in abusive relationships, intimidated and fearful of certain people or situations
- hanging out with groups of older people, or anti-social groups, or with other vulnerable peers
- associating with other young people involved in sexual exploitation
- recruiting other young people to exploitative situations
- truancy, exclusion, disengagement with school, opting out of education altogether
- unexplained changes in behaviour or personality (chaotic, aggressive, sexual)
- mood swings, volatile behaviour, emotional distress
- self-harming, suicidal thoughts, suicide attempts, overdosing, eating disorders
- drug or alcohol misuse
- getting involved in crime
- police involvement, police records
- involved in gangs, gang fights, gang membership
- injuries from physical assault, physical restraint, sexual assault.

Criminal Exploitation / County Lines

The following list of indicators is not exhaustive or definitive, but it does highlight common signs which can assist professionals in identifying children or young people who may be victims of Criminal Exploitation / County Lines

- Returning home late, staying out all night or going missing
- Being found in areas away from home
- Increasing drug use, or being found to have large amounts of drugs on them
- Being secretive about who they are talking to and where they are going
- Unexplained absences from school, college, training or work
- Unexplained money, phone(s), clothes or jewellery
- Increasingly disruptive or aggressive behaviour
- Using sexual, drug-related or violent language you wouldn't expect them to know
- Coming home with injuries or looking particularly disheveled
- Having hotel cards or keys to unknown places.

Appendix two

Forced Marriage (FM)

This is an entirely separate issue from arranged marriage. It is a human rights abuse and falls within the Crown Prosecution Service definition of domestic violence. Young men and women can be at risk in affected ethnic groups. Whistleblowing may come from younger siblings. Other indicators may be detected by changes in adolescent behaviours. Never attempt to intervene directly as a school or through a third party.

Female Genital Mutilation (FGM)

It is essential that staff are aware of FGM practices and the need to look for signs, symptoms and other indicators of FGM.

4 types of procedure:

Type 1 Clitoridectomy – partial/total removal of clitoris

Type 2 Excision – partial/total removal of clitoris and labia minora

Type 3 Infibulation - entrance to vagina is narrowed by repositioning the inner/outer labia

Type 4 all other procedures that may include: pricking, piercing, incising, cauterising and scraping the genital area.

Why is it carried out?

Belief that:

- FGM brings status/respect to the girl – social acceptance for marriage
- Preserves a girl's virginity
- Part of being a woman / rite of passage
- Upholds family honour
- Cleanses and purifies the girl
- Gives a sense of belonging to the community
- Fulfils a religious requirement
- Perpetuates a custom/tradition
- Helps girls be clean / hygienic
- Is cosmetically desirable
- Mistakenly believed to make childbirth easier

Circumstances and occurrences that may point to FGM happening

- Child talking about getting ready for a special ceremony
- Family taking a long trip abroad
- Child's family being from one of the 'at risk' communities for FGM (Kenya, Somalia, Sudan, Sierra Leon, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia and Pakistan)
- Knowledge that the child's sibling has undergone FGM
- Child talks about going abroad to be 'cut' or to prepare for marriage

Signs that may indicate a child has undergone FGM:

- Prolonged absence from school and other activities
- Behaviour change on return from a holiday abroad, such as being withdrawn and appearing subdued
- Bladder or menstrual problems
- Finding it difficult to sit still and looking uncomfortable
- Complaining about pain between the legs
- Mentioning something somebody did to them that they are not allowed to talk about
- Secretive behaviour, including isolating themselves from the group
- Reluctance to take part in physical activity
- Repeated urinal tract infection
- Disclosure

The 'One Chance' rule

As with Forced Marriage there is the 'One Chance' rule. It is essential that settings /schools/colleges take action **without delay**.

Dear Colleague

DBS Checks for School Visitors

I write to confirm the situation regarding safeguarding checks for council employees who visit and work within Wigan schools and settings.

I can confirm that any visitor who is employed by Wigan Council will have had their post assessed for eligibility for a DBS check, including an assessment of the work they do directly in schools and settings. I can therefore confirm that council employees would not have been employed without an acceptable clearance being received. Therefore, if your visitor is a current Wigan Council employee you can be assured that they have received the appropriate clearances in line with the national safeguarding guidance and this letter will provide the evidence you will require for your records. You should of course check their Wigan Council badge to confirm their identity.

I hope you find this advice useful. If you have any questions or wish to clarify any areas, please contact me. As lead counter signatory, I am available to provide advice on any DBS issues you may have.

Yours sincerely,

Alison Hibbert

Wigan Borough Head Teachers
9th February 2017

Tel: 01942 482965

Dear Head Teacher

RE: DBS Checks

Bridgewater Community Healthcare NHS Foundation Trust operates a Disclosure and Barring Service (DBS) Policy based on the requirements of the Police Act 1997 and the mandatory pre-employment checking procedure requirements of the Department of Health. The Policy ensures that enhanced DBS checks are mandatory for every staff member who has access to children or vulnerable adults as part of their normal duties or standard DBS checks for staff who have access to health care records. New staff are not allowed to start in post until their DBS and all other relevant pre-employment checks have been completed. Such checks must be satisfactory and in line with national NHS safe recruitment standards.

In line with the requirements of this Policy, all staff working with children or vulnerable adults are subject to enhanced DBS checks prior to being offered a contract of employment.

All Trust staff are required to display their identification badges on their person at all times to confirm to Schools and other providers that they are subject to this safeguarding process.

Where a DBS disclosure provides information about allegations and/or convictions relating to children or an allegation is made about an existing member of staff, the nominated Senior Officer will share that information with the Local Authority Designated Officer in accordance with the requirements of Safeguarding Vulnerable Groups Act 2006.

If you have any further queries, please do not hesitate to contact the Trust's Human Resources Department via the contact details detailed at the top of this letter.

We are more than happy to work with you and members of your Team to confirm/validate our staff members' identification when they present at your premises.

Yours sincerely

Paula Woods
Assistant Director Workforce

CHILDREN MISSING EDUCATION REFERRAL & CHECKLIST **September 2020 v4**

As outlined in the statutory guidance for Local Authorities 'Children Missing from Education' are children of compulsory school age who are not a registered pupil at a school or are not receiving suitable education other if they are not registered at a school.

Where a pupil has not returned to school for ten days without authorisation the school and the local authority have a responsibility to jointly make reasonable enquiries to establish the whereabouts of the child. The appropriate completion of this checklist ensures that the Local Authority and school have fulfilled this responsibility.

It is school's responsibility to follow up all unexplained and unexpected absences in a timely manner and every effort should be made to establish the reason for a pupil's absence. If you require advice and guidance please contact the Multi-Agency Safeguarding Team on 01942 828300.

It is important that one checklist is completed for each child within the family, please do not include all children on one.

During the first 10 days of absence (reason unknown), school must complete this referral form and checklist. Once completed if the child's whereabouts remains unknown, please make a referral to the Multi-Agency Safeguarding Team CINdutyteam@wigan.gov.uk

At any point if you feel a child is at risk of significant harm, FGM, human trafficking or sexual exploitation refer immediately to social care please contact 01942 82830

Please note that if the child is residing or located in the Wigan Borough, they are not a CME and should not be removed from school roll. Policies in relation to school attendance should be followed in these cases.

SAFEGUARDING CONCERN?

Disclosure or suspicion of abuse:
Advise the child at risk that you must pass the information on.
DO NOT PROMISE CONFIDENTIALITY!

Take seriously what you are told and be supportive to the child.
Allow him/her to speak without interruption; listen to what is said but do not investigate.
Do not ask leading questions.

Be sensitive to feelings of guilt and isolation but do not make any judgements.

Let the child know that sharing this information is the right thing to do.

Explain that you have no choice but to discuss the allegations with a senior member of staff (Designated Lead or Deputy Safeguarding Officer).

You may write down some notes after talking to the child.

Meet with the Designated Lead or Deputy Safeguarding Officer as soon as possible.

If you need to speak over the phone, ensure there is privacy.

Record what is said on the Safeguarding proforma.

Give this to the Designated Lead or Deputy Safeguarding Officer who will put it into the purple Safeguarding file which is located in the Headteacher's Office.

Appendix 10

Introduction

Procedure for Dealing with Child-on-Child abuse/sexual harassment and violence

St Luke's C of E Primary recognises that children are vulnerable to and capable of abusing their peers.

We are committed to a whole school approach to ensure the prevention, early identification and appropriate management of child on child abuse within our school and beyond.

In cases where child on child abuse is identified we will follow our child protection procedures, taking a contextual approach to support all children and young people who have been affected by the situation.

We recognise that child on child abuse can manifest itself in many ways such as:

- Child Criminal and Sexual Exploitation
- Sharing of Nudes and Semi-Nudes
- Bullying
- Radicalisation
- Children who display sexually harmful behaviour
- Gang association and serious violence (County Lines)
- Technology can be used for bullying and other abusive behaviour

Some of these behaviours will need to be handled with reference to other policies in school such as the Behaviour and Discipline Policy, Anti-Bullying Policy, Safeguarding, Child Protection and Early Help Policy and Online Safety Policy.

This procedure concentrates on child on child abuse in the context of sexual harassment and sexual violence. It is compliant with the statutory guidance on child on child abuse as set out in Keeping Children Safe in Education (September 2022) and should be read in conjunction with the school's Safeguarding, Child Protection and Early Help Policy which is produced in conjunction with Wigan Safeguarding Children's Partnership (WSCP) Safeguarding Policy and Procedures, and any relevant Practice Guidance issued by it.

The procedure will: -

- Set out our strategies for preventing, identifying and managing child on child abuse
- Take a contextual approach to safeguarding all children and young people involved. Acknowledging that children who have allegedly abused their peers or displayed harmful sexual behaviour are themselves vulnerable and may have been abused by peer, parents or adults in the community.

Understanding Child on Child abuse

Sexual violence and sexual harassment can occur between two children of any age and sex or a group of children sexually assaulting or sexually harassing a single child or group of children.

The impact of this behaviour on children can be very distressing and have an impact on academic achievement and emotional health and wellbeing.

Sexual harassment and sexual violence may also occur online and offline.

The Context

All behaviour takes place on a spectrum. Understanding where a child's behaviour falls on a spectrum is essential to being able to respond appropriately to it.

We recognise the importance of distinguishing between problematic and abusive sexual behaviour (Harmful Sexual Behaviour HSB).

We have adopted the NSPCC definition of HSB as: -

"Sexual behaviours expressed by children...that are developmentally inappropriate, may be harmful towards self or others, or be abusive towards another child...or adult."

Vulnerable groups

We recognise that all children can be at risk however we acknowledge that some groups are more vulnerable. This can include: experience of abuse within their family; living with domestic violence; young people in care; children who go missing; children with additional needs (SEN and/or disabilities); children who identify or are perceived as LGBT and/or have other protected characteristics under the Equalities Act 2010.

Whilst research tells us girls are more frequently identified as being abused by their peers and, girls are more likely to experience unwanted sexual touching in schools this is not confined to girls.

Boys are less likely to report intimate relationship abuse and may display other behaviour such as antisocial behaviour. Boys report high levels of victimisation in areas where they are affected by gangs. We recognise that both boys and girls experience peer on peer abuse, but they do so in gendered ways. All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

Prevention

As well as having strategies for dealing with incidents the school fosters healthy and respectful relationships between boys and girls including through Relationship and Sex Education and Personal Social Health and Economic education. The most effective preventative education programme will be through a whole-school approach that prepares pupils for life in modern Britain. The school has a clear set of values and standards, and these are upheld and demonstrated throughout all aspects of school life. These values are underpinned by the school's behaviour policy and pastoral support system, and by a planned programme of evidence-based content delivered through the whole curriculum. This is developed to be age and stage of development appropriate (especially when considering SEND children and their cognitive understanding), and may tackle such issues as:

- Healthy and respectful relationships;
- What respectful behaviour looks like?
- Consent;
- Gender roles, stereotyping, and equality;

- Body confidence and self-esteem;
- Prejudiced behaviour;
- That sexual violence and sexual harassment is always wrong; and
- Addressing cultures of sexual harassment.

School delivers this currently, through planned, high-quality, Relationship and Sex Education (RSE) and Personal, Social, Health and Economic (PSHE) education.

Responding to Alleged Incidents Responding to reports of sexual violence and sexual harassment

All reports of child on child abuse will be made on a case by case basis with the designated safeguarding lead or a deputy taking a leading role using their professional judgement and supported by other agencies such as social care or the police as required.

Response to a report of child on child abuse

- The school will take all reports seriously and will reassure the victim that they will be supported and kept safe.
- All staff will be trained to manage a report.
- Staff will not promise confidentiality as the concern will need to be shared further (for example, with the designated safeguarding lead or social care) staff will however only share the report with those people who are necessary to progress it.
- A written report using the **Sexualised Behaviour Recording Form or Child Protection Form** will be made as soon after the interview as possible recording the facts as presented by the child. These may be used as part of a statutory assessment if the case is escalated later.
- Where the report includes an online element the school will follow advice on searching, screening and confiscation. The staff will not view or forward images unless unavoidable and only if another member of staff (preferably the DSL) is present.
- The DSL will be informed as soon as possible.

Procedure for reporting child on child abuse:

All staff must understand and follow the school's Child Protection Policy and Procedures for dealing with child on child abuse. If staff have any concerns about a child's welfare, they must act on them immediately – they must not wait for a disclosure.

- If appropriate use the SDSE (See p56) model if it involves staff.
- Ask the child if they've been harmed and what the nature of the harm was.
- Depending on context; refer to the NSPCC Hackett Continuum
- Listen and reassure them that they will be supported and kept safe.
- Reflect back, using their language.
- Be mindful that some children may face additional barriers to disclosure because of their vulnerability, disability, gender, ethnicity and/or sexual orientation.
- Remember that:
 - This may only be the first incident the child has reported.

- Trauma can impact memory, so the child may not be able to recall all the details or timeline of the abuse.
- Make a written record using the **Child Protection or Sexualised Behaviour Recording Form** as soon as possible, stating only the facts (depending on context refer to the NSPCC Hackett Continuum).
- Tell the Designated Safeguarding Lead (DSL) or a Deputy DSL urgently.
- Where appropriate, take action yourself
 - If the child is in immediate danger or at risk of harm make a professional referral to children’s social care at [Children's Services: Professional Referral Form. – Wigan Council](#) (A paper copy of the referral is also available on the Safeguarding Board within the staff room).
 - If an offence has been committed, report it to the police (even if the alleged perpetrator(s) is under 10). You can confiscate devices as evidence for the police, if the report includes an online element.
 - Find out whether the victim alleged perpetrator(s) share classes, premises or transport, and consider how to keep them a reasonable distance apart while on the premises, including both before and after school.
- **Do not** dismiss the incident as ‘banter’, ‘part of growing up’ or ‘having a laugh’.
- **Do not** ask leading questions.
- **Do not** promise total confidentiality.
- **Do not** view photographs or videos of a sexual nature
 - If you do so by accident or think you might need to in order to deal with the issue effectively, talk to our DSL.
- **Do not** take notes while the child is talking, if at all possible.
- **Do not** tell anyone about the disclosure unless they need to know in order to progress it

SDSE Model

Stop

You can stop the behaviour by changing the situation, stopping the child from what they are doing, distracting them or changing the environment. If the child is touching you, move the hand away. If the behaviour involves more than one child, tell them to stop what they are doing, separate them and ensure that all children are safe in places where they feel supported.

Define

The child needs to know what it is that they have done and that they can learn from it. The more specific the better. This provides an opportunity for the child to change or relearn the behaviour.

It’s important that you don’t respond in anger or discussed, or give a vague response, because that could be very shaming for the child. The child could then end up thinking that they are bad or dirty, rather than understanding why their behaviour and actions are wrong.

State

You need to say, these are our school’s rules. ‘This isn’t what we do. Our privates are private. It is important to be direct and succinct.’

Enforce

You shouldn't have punitive consequences. It's more about what the real consequences are. If a child is touching you in a class, tell the child that you won't be able to continue sitting with them if the touching continues. It's important that the consequences don't shame or humiliate the child.

Risk Assessment

When there has been a report of sexual violence, the designated safeguarding lead (or a deputy) will make an immediate risk and needs' assessment. Where there has been a report of sexual harassment, the need for a risk assessment should be considered on a case-by-case basis. The risk and needs' assessment should consider:

- The victim, especially their protection and support;
- The alleged perpetrator; and
- All the other children (and, if appropriate, adult students and staff) at the school or college, especially any actions that are appropriate to protect them;
- It may be necessary to complete a **Sexualised Behaviour Safety Plan**.
- An Early Help maybe required.

Risk assessments and safety plans will be recorded and be kept under review. All safety plans must be reviewed within three months. The designated safeguarding lead (or a deputy) will ensure they are engaging with the Wigan Local Authority MASH Team.

Action following a report of sexual violence and/or sexual harassment

Following an incident, we will consider

- The wishes of the victim in terms of how they want to proceed. This is especially important in the context of sexual violence and sexual harassment;
- The nature of the alleged incident(s), including: whether a crime may have been committed and consideration of harmful sexual behaviour;
- The ages of the children involved;
- The developmental stages of the children involved (using the NSPCC Hackett Continuum);
- Any power imbalance between the children. For example, is the alleged perpetrator significantly older, more mature or more confident? Does the victim have a disability or learning difficulty?
- If the alleged incident is a one-off or a sustained pattern of abuse;
- Are there ongoing risks to the victim, other children, adult students or school or college staff; and other related issues and wider context?

Follow up Actions

Children sharing a classroom:

Whilst the school or college establishes the facts of the case and starts the process of liaising with children's social care and the police:

- The perpetrator will be removed from any classes they share with the victim.
- We will consider how best to keep the victim and alleged perpetrator a reasonable distance apart on school or college premises and on transport to and from the school or college.

These actions are in the best interests of both children and should not be perceived to be a judgment on the guilt of the alleged perpetrator.

Options to manage the report

Manage internally

1. In some cases of sexual harassment, for example, one-off incidents, we may decide that the children concerned are not in need of early help or statutory intervention and that it would be appropriate to handle the incident internally, perhaps through utilising the behaviour and bullying policies and by providing pastoral support.

This decision will be made based on the principle that sexual violence and sexual harassment is never acceptable and will not be tolerated. All decisions, and discussions around making these decisions will be recorded.

All staff are trained to respond to manage sexualised behaviours. St Luke's uses the NSPCC's Hackett Continuum Tool to distinguish developmentally typical sexual behaviours from those that may be problematic or harmful. All staff are trained to use the SDSE model to respond to children who display sexualised behaviour. Staff are to record any problematic or harmful sexualised behaviour using the Sexualised Behaviour Recording Form. This must be shared with the DSL. It may be necessary to complete a Sexualised Behaviour Safety Plan for a child. A Safety Plan must be produced for a child displaying problematic or harmful behaviour. This may require the involvement of multi agencies.

2. In line with 1 above, we may decide that the children involved do not require statutory interventions but may benefit from Early Help. Early help means providing support as soon as a problem emerges, at any point in a child's life. Providing early help is more effective in promoting the welfare of children than reacting later. Early help can be particularly useful to address non-violent harmful sexual behaviour and may prevent escalation of sexual violence.

3. Where a child has been harmed, is at risk of harm, or is in immediate danger, we will make a professional referral to the MASH following locally agreed protocols.

Where statutory assessments are appropriate, the designated safeguarding lead or a deputy will be working alongside, and cooperating with, the relevant lead social worker. Collaborative working will help ensure the best possible package of coordinated support is implemented for the victim and, where appropriate, the alleged perpetrator and any other children that require support.

Reporting to the Police

Any report to the police will generally be made through the MASH as above. The designated safeguarding lead (and their deputies) will follow local processes for referrals.

Where a report of rape, assault by penetration or sexual assault is made, the starting point is this will be passed on to the police. Whilst the age of criminal responsibility is ten, if the alleged perpetrator is under ten, the starting principle of reporting to the police remains. The police will take a welfare, rather than a criminal justice, approach.

Where a report has been made to the police, the school or college will consult the police and agree what information can be disclosed to staff and others, the alleged perpetrator and their parents or carers. They will also discuss the best way to protect the victim and their anonymity.

Where there is a criminal investigation, we will work closely with the relevant agencies to support all children involved (especially potential witnesses). Where required, advice from the police will be sought in order to help us.

Whilst protecting children and/or taking any disciplinary measures against the alleged perpetrator, we will work closely with the police (and other agencies as required), to ensure any actions the school or college take do not jeopardise the police investigation.

The end of the criminal process

If a child is convicted or receives a caution for a sexual offence, the school will update its risk assessment, ensure relevant protections are in place for all children. We will consider any suitable action following our behaviour policy. If the perpetrator remains in school we will be very clear as to our expectations regarding the perpetrator now they have been convicted or cautioned. This could include expectations regarding their behaviour and any restrictions we think are reasonable and proportionate about the perpetrator's timetable.

Any conviction (even with legal anonymity reporting restrictions) is potentially going to generate interest among other pupils or students in the school or college.

We will ensure all children involved are protected, especially from any bullying or harassment.

Where cases are classified as "no further action" (NFA'd) by the police or Crown Prosecution Service, or where there is a not guilty verdict, we will continue to offer support to the victim and the alleged perpetrator for as long as is necessary. A not guilty verdict or a decision not to progress with their case will likely be traumatic for the victim. The fact that an allegation cannot be substantiated does not necessarily mean that it was unfounded. We will continue to support all parties in this instance.

Support for Children Affected by Sexual-Assault

Support for victims of sexual assault is available from a variety of agencies.

We will support the victim of sexual assault to remain in school but if they are unable to do so we will enable them to continue their education elsewhere. This decision will be made only at the request of the child and their family.

If they are moved, we will ensure the new school is aware of the ongoing support they may need. The DSL will support this move.

Where there is a criminal investigation the alleged perpetrator will be removed from any shared classes with the victim and we will also consider how best to keep them a reasonable distance apart on the school premises. This is in the best interest of the children concerned and should not be perceived to be a judgement of guilt before any legal proceedings. We will work closely with the police.

Where a criminal investigation into a rape or assault by penetration leads to a conviction or caution, we may take suitable action, if we have not already done so. In all but the most exceptional of circumstances, the rape or assault is likely to constitute a serious breach of discipline and lead to the view that allowing the perpetrator to remain in the same school would seriously harm the education or welfare of the victim (and potentially other pupils).

Where a criminal investigation into sexual assault leads to a conviction or caution, we may, if we have not already done so, consider any suitable sanctions using our behaviour policy, including consideration of permanent exclusion.

Where the perpetrator is going to remain at the school or college, the principle would be to continue keeping the victim and perpetrator in separate classes and continue to consider the most appropriate way to manage potential contact on school and college premises and transport. The nature of the conviction or caution and wishes of the victim will be especially important in determining how to proceed in such cases.

Reports of sexual assault and sexual harassment will, in some cases, not lead to a report to the police (for a variety of reasons). In some cases, rape, assault by penetration, sexual assault or sexual harassment are reported to the police and the case is not progressed or are reported to the police and ultimately result in a not guilty verdict. None of this means the offence did not happen or that the victim lied. The process will have affected both victim and alleged perpetrator. Appropriate support will be provided to both as required and consideration given to sharing classes and potential contact as required on a case-by-case basis.

All the above will be considered with the needs and wishes of the victim at the heart of the process (supported by parents and carers as required). Any arrangements should be kept under review.

Physical Abuse

While a clear focus of child on child abuse is around sexual abuse and harassment, physical assaults and initiation violence and rituals from pupils to pupils can also be abusive.

These are equally not tolerated and if it is believed that a crime has been committed, will be reported to the police.

The principles from the anti-bullying policy will be applied in these cases, with recognition that any police investigation will need to take priority.

This could include, for example, whether it:

- is socially acceptable
- involves a single incident or has occurred over a period of time
- is socially acceptable within the peer group
- is problematic, concerning and harmful
- involves any overt elements of victimisation or discrimination e.g. related to race, gender, sexual orientation, physical, emotional, or intellectual vulnerability
- involves an element of coercion or pre-planning
- involves a power imbalance between the child/children allegedly responsible for the behaviour
- involves a misuse of power

Online Behaviour

Many forms of child on child abuse have an element of online behaviour including behaviours such as cyberbullying and sharing of nude or semi-nude images or videos (also known as sexting or youth produced imagery).

Policies and procedures concerning this type of behaviour can be found in the Behaviour and Discipline Policy, Anti-Bullying Policy, Online Safety Policy, and Safeguarding, Child Protection and Early Help Policy.

Prevention

St Luke's C of E actively seeks to raise awareness of and prevent all forms of child on child abuse by:

- Educating all Governors, Senior Leadership Team, staff and volunteers, pupils and parents about this issue. This will include training all Governors, Senior Leadership Team, staff and volunteers on the nature, prevalence and effect of child on child abuse, and how to prevent, identify and respond to it. This includes:
 - (a) Contextual Safeguarding;
 - (b) The identification and classification of specific behaviours; and (c) The importance of taking seriously all forms of child on child abuse (no matter how low level they may appear) and ensuring that no form of child on child abuse is ever dismissed as horseplay or teasing.
 - Educating children about the nature and prevalence of child on child abuse via PSHE and the wider curriculum.
 - Pupils are frequently told what to do if they witness or experience such abuse, the effect that it can have on those who experience it and the possible reasons for it, including vulnerability of those who inflict such abuse.
 - They are regularly informed about the School's approach to such issues, including its zero-tolerance policy towards all forms of child on child abuse.

Engaging parents on this issue by:

- (a) Talking about it with parents, both in groups and one to one;
- (b) Asking parents what they perceive to be the risks facing their child and how they would like to see the School address those risks;
- (c) Involving parents in the review of School policies;
 - Ensuring that all child on child abuse issues are fed back to the School's designated safeguarding leads (DSL) so that they can spot and address any concerning trends and identify pupils who maybe in need of additional support. This is done by way of a staff meeting at which all concerns about pupils (including child on child abuse issues) are discussed];
 - Challenging the attitudes that underlie such abuse (both inside and outside the classroom);
 - Working with Governors, Senior Leadership Team, all staff and volunteers, pupils and parents to address equality issues, to promote positive values, and to encourage a culture of tolerance and respect amongst all members of the School community;
 - Creating conditions in which our pupils can aspire to and realise safe and healthy relationships;
 - Creating a culture in which our pupils feel able to share their concerns openly, in a non-judgmental environment, and have them listened to; and
 - Responding to cases of child on child abuse promptly and appropriately.

Multi-agency working

The School actively engages with its local partners in relation to child on child abuse, and works closely with, Wigan Safeguarding Children's Partnership (WSCP), Wigan Local Authority Multi-Agency Safeguarding Hub (MASH), children's social care, and/or other relevant agencies, and other schools.

The relationships the School has built with these partners are essential to ensuring that the School is able to prevent, identify early and appropriately handle cases of peer-on-peer abuse. They help the School:

- (a) To develop a good awareness and understanding of the different referral pathways that operate in its local area, as well as the preventative and support services which exist;
- (b) To ensure that our pupils can access the range of services and support they need quickly;
- (c) To support and help inform our local community's response to child on child abuse;
- (d) To increase our awareness and understanding of any concerning trends and emerging risks in our local area to enable us to take preventative action to minimise the risk of these being experienced by our pupils.

The school actively refers concerns/allegations of child on child abuse where and when necessary to Wigan MASH, children's social care, and/or other relevant agencies.

Children resident out of Wigan but attending a Wigan school will be reported to their home MASH/T or equivalent Social Care.

In cases involving children who are subject to risk, harm and abuse and who have LAC status, the children's social worker must be informed and a coordinated approach to address any incidents or concerns will be required.

For further information

Upskirting

This typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is now a criminal offence and may constitute sexual harassment. Cases of 'up skirting' have a mandatory requirement for being reported.

Useful guidance can be found in: -

NSPCC and Research in Practice's Harmful Sexual Behaviour Framework:

www.nspcc.org.uk/globalassets/documents/publications/harmful-sexual-behaviour-framework.pdf

Hazing/Initiation

The practice of rituals, challenges, and other activities involving harassment, abuse or humiliation used as a way of initiating a person into a group.

Contextual Safeguarding

All staff, but especially the designated safeguarding lead (or deputy) should be considering the context within which incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare.

Additional considerations for schools

When considering harmful sexual behaviour, ages and the stages of development of the children are critical factors to consider. Sexual behaviour between children can be considered harmful if one of the children is much older, particularly if there is more than two years' difference or if one of the children is pre-pubescent and the other is not.

However, a younger child can abuse an older child, particularly if they have power over them, for example, if the older child is disabled or smaller in stature. Schools and colleges should ensure that their response to sexual violence and sexual harassment between children of the same sex is equally robust as it is for sexual violence and sexual harassment between children of the opposite sex.

Appendix 11

Procedures for consensual and non consensual sharing of nudes and semi-nude images and/or videos (also known as sexting or youth produced imagery) and peer on peer abuse

Procedure for responding to an incident of sharing nudes or semi nudes:

- **Never** view, copy, print, share, store or save the imagery yourself, or ask a child to share or download – **this is illegal**.
- If you have already viewed the imagery by accident (e.g. if a young person has showed it to you before you could ask them not to), report this to the DSL (or equivalent) and seek support.
- **Do not** delete the imagery or ask the young person to delete it.
- **Do not** ask the child/children or young person(s) who are involved in the incident to disclose information regarding the imagery. This is the responsibility of the DSL (or equivalent).
- **Do not** share information about the incident with other members of staff, the young person(s) it involves or their, or other, parents and/or carers.
- **Do not** say or do anything to blame or shame any young people involved.
- **Do** explain to them that you need to report it and reassure them that they will receive support and help from the DSL (or equivalent).
