Childhood Illness

If your child has sickness or diarrhoea please keep them off school for 48 hours following the last episode.

Please could we remind parents to be vigilant in checking for and treating headlice and threadworms. Advice and medication can be sought from your GP, School Nurse or Pharmacist. It is also important that parents reinforce the Government hand hygiene advice to prevent the spread of winter germs and threadworms.

If your child has an undiagnosed rash please could they remain off school until it is diagnosed and treated. Thank you.

St Luke's Church Christingle Service

Thank you to everyone who joined us in celebrating at the Christingle service on Sunday in St Luke's Church.

The service was a joyful and happy event and all the congregation appeared to be enjoying themselves.

We would also like to thank everyone who has sent in donations for The Children's Society.

'Your donations make a real difference to the lives of so many children and your efforts do so much to bring communities together. Today, children across the country need our support more than ever. Together we can share light and offer hope. Christingle is a wonderful way to spread that message.' Mark Russell, Chief Executive of The Children's Society

If you would still like to donate to The Children's Society, Christingle envelopes can be returned to Church or School.

Thank you.
