Dear Parents and Carers,

Re: Measles and Chicken Pox

I would like to ask for your cooperation in a vitally important matter. One of our children is receiving medical treatment that puts them at serious risk if exposed to measles and chicken pox.

If your child is suspected of having either measles, chicken pox or any other infectious illness please would you let us know immediately.

Your child is not at risk whatsoever from this situation. However, the health and well-being of the child who is at risk does depend on your co-operation and that of all other parents and we hope you can help us.

With many thanks for your continued support.

Yours Sincerely,

S Hardaker

Mr S Hardaker
Headteacher
